Undergraduate Admission Regulations of Jiujiang University 2025

Chapter 1 General Provisions

Article 1 In accordance with the *Education Law of the People's Republic of China*, *Higher Education Law of the People's Republic of China* and relevant regulations of the Ministry of Education, this Regulations is formulated in light of the actual admission work of the University, so as to protect the legitimate rights and interests of both the University and candidates and standardize admission work in accordance with the law.

Article 2 This Regulations serves as the official document for the University to release admission policies, provisions and relevant information to the public, and constitutes the fundamental basis for admission consultation and enrollment implementation.

Article 3 The official name of the University is Jiujiang University, with the institutional code 4136011843. It is a public higher education institution authorized to confer bachelor's and master's degrees. Registered Address: No. 551 East Qianjin Road, Jiujiang City, Jiangxi Province, Postal Code: 332005. The competent administrative authority is the Jiangxi Provincial Department of Education.

Article 4 Students who complete all prescribed courses within the stipulated length of schooling, achieve qualified academic results and meet graduation requirements shall be awarded the Undergraduate Graduation Certificate of Jiujiang University. Those who satisfy degree conferment criteria shall be awarded the corresponding Degree Certificate.

Chapter 2 Organizational Structure

Article 5 The University establishes an Admission Committee composed of principal leading officials, relevant department heads and college leaders to take overall charge of undergraduate admission work.

Article 6 The Enrollment and Employment Office is responsible for the daily organization and implementation of undergraduate admission affairs.

Chapter 3 Enrollment Plan and Fee Standards

Article 7 The 2025 enrollment plan is formulated according to social demands and disciplinary layout. Upon verification by the Ministry of Education, the plan shall be submitted to the admission authorities of all provinces (municipalities and autonomous regions) within the specified time, released to candidates by provincial authorities and also announced via official university channels.

Article 8 In accordance with the requirements of the Ministry of Education, the reserved undergraduate enrollment quota shall not exceed 1% of the total annual undergraduate enrollment scale, aiming to balance the uneven distribution of qualified candidates across regions. The use of reserved quotas shall be implemented strictly in accordance with relevant regulations during admission.

Article 9 Charges shall be implemented in accordance with the Official Reply on *Adjustment of Tuition Standards for Public Regular Universities in Jiangxi Province (Ganfu Ting Zi [2016] No. 51)* and other relevant official documents.

1. Tuition Standards (per academic year) - Liberal Arts (Literature, History & Philosophy): RMB 4,010 - Liberal Arts (Economics, Management, Law & Foreign Languages): RMB 4,270 - Science and Engineering (Category I): RMB 4,530 - Science and Engineering (Category II) & Physical Education: RMB 4,790 - Medical Programs: RMB 4,790 - Art Programs: RMB 8,800 - Agriculture and Forestry Programs: RMB 3,750 - Visual Communication Design (Sino-foreign Cooperative Program): RMB 14,000.

2. Accommodation Fee Standard RMB 750–1,000 per academic year. If the standard is adjusted, the latest official document shall prevail.

Chapter IV Admission Principles

Article 10 In accordance with national education laws and Ministry of Education regulations, the University adheres to the admission principles of fairness, impartiality, openness and merit-based selection, with comprehensive evaluation of morality, intelligence, physical fitness, aesthetics and labor education. The whole admission process accepts supervision from provincial admission committees, disciplinary inspection authorities, candidates and the general public.

Article 11 Policies on bonus points or score deduction for candidates shall be implemented in accordance with the admission regulations of the candidate's originating province.

Article 12 For regular programs, admission follows the principle of priority of scores, compliance with professional choices as required by provincial policies. All filed candidates shall be admitted in descending order of filing scores. If the first professional choice cannot be satisfied, the second choice will be considered by analogy. Candidates with all professional choices unsatisfied and who accept major adjustment shall be allocated to unfilled majors. Those who cannot meet their voluntary choices and refuse adjustment shall be withdrawn from admission.

Article 13 For general academic majors in Inner Mongolia Autonomous Region, the university adopts the admission rule of sorting candidates by their professional preferences within the 1:1 scope of the enrollment quota.

Article 14 No score differential is set for candidates applying as non-first-choice applicants.

Article 15 For provinces, municipalities directly under the Central Government and autonomous regions that have implemented the college entrance examination system reform, relevant provisions of this charter shall be implemented on the premise of abiding by the local admission policies of the candidates' place of origin. Meanwhile, candidates' comprehensive quality evaluation information shall be taken as a reference basis for admission. For provinces adopting the university-major group filing model, within the major group to which a candidate's file is submitted, candidates shall be selected for admission on merit in accordance with the principle of "score priority and compliance with major preferences", based on their filing scores and ranking for candidates with identical scores.

Article 16 Admission Principles for Art Programs Provincial unified art examination results shall be adopted. Candidates with qualified professional scores and reaching the minimum cultural admission score line shall follow local admission rules if specified; if not specified, admission shall be based on comprehensive scores in descending order. Comprehensive Score = Total Cultural Score (including policy bonus) $\times$ 50% + (Professional Score / Full Professional Score) $\times$ 750 $\times$ 50% In case of tied comprehensive scores, ranking

shall be conducted sequentially by total cultural score, combined Chinese and Mathematics score, single highest score of Chinese or Mathematics, and foreign language score.

Article 17 Admission Principles for Physical Education Programs Candidates with qualified professional scores and reaching the minimum cultural admission standard shall follow local admission rules if specified; otherwise, admission shall be ranked by professional scores in descending order. In case of tied professional scores, ranking shall be conducted sequentially by total cultural score, combined Chinese and Mathematics score, single highest score of Chinese or Mathematics, and foreign language score.

Article 18 Except English-related programs which only recruit English-language candidates, there are no restrictions on foreign language types for other majors.

Article 19 No additional entrance examination is required for any major.

Article 20 There is no restriction on gender ratio for admission to all majors.

Article 21 All candidates applying for the University must take a physical examination and truthfully declare their medical history. The physical examination standard shall be implemented in accordance with the *Guidelines for Physical Examination in College Enrollment* issued by the Ministry of Education and the former Ministry of Health, the China Disabled Persons' Federation, and the *Notice on Further Standardizing Admission and Employment Physical Examination Items and Protecting the Admission and Employment Rights of Hepatitis B Carriers* issued by the Ministry of Human Resources and Social Security, the Ministry of Education and the former Ministry of Health.

Chapter 5 Admission and Enrollment

Article 22 After approval by provincial admission authorities, the University Enrollment and Employment Office shall mail admission notices directly to candidates and publish results on the official admission website. Candidates may check admission results online during the admission period.

Article 23 Admitted freshmen shall register for enrollment within the specified time with the admission notice. Those unable to enroll on time shall submit leave applications. Absence without valid reasons shall be regarded as abandonment of enrollment qualification.

Article 24 The University shall conduct enrollment qualification review within three

months after freshman enrollment. Those failing the review shall be disposed of accordingly, up to cancellation of enrollment qualification. Any falsification found shall result in immediate cancellation of admission or student status.

Article 25 The University implements a comprehensive student financial aid system including National Scholarship, National Encouragement Scholarship, National Grant, National Student Loan, military service education subsidy, work-study program and tuition remission. Financially disadvantaged students may enroll via the Green Channel. Financial verification and targeted support will be provided after enrollment.

Undergraduate Admission Regulations of Jiujiang University (2021)

Chapter 1 General Provisions

Article 1 In accordance with the *Education Law of the People's Republic of China*, *Higher Education Law of the People's Republic of China* and relevant provisions of the Ministry of Education, this Regulation is formulated in light of the actual enrollment work of Jiujiang University, aiming to safeguard the legitimate rights and interests of both the University and candidates and implement enrollment work in accordance with the law.

Article 2 This Regulation serves as the official document for the University to release enrollment policies, regulations and relevant information to the public, and acts as the fundamental basis for enrollment consultation and admission implementation.

Article 3 Basic University Information

1. Full Name: Jiujiang University
2. Institutional Code: 4136011843
3. School Nature: Public full-time ordinary higher education institution
4. Enrollment Level: Undergraduate
5. Registered Address: No. 551 East Qianjin Road, Jiujiang City, Jiangxi Province, Postal Code: 332005
6. Competent Authority: Jiangxi Provincial Department of Education

Article 4 Students who complete all prescribed courses within the required length of schooling with qualified academic performance and meet graduation requirements shall be awarded the Undergraduate Graduation Certificate of Jiujiang University. Those who satisfy the degree conferment requirements shall be issued a corresponding degree certificate.

Chapter 2 Organizational Structure

Article 5 The University establishes an Enrollment Leading Group composed of principal leaders and persons in charge of relevant internal departments to take overall charge of undergraduate enrollment work.

Article 6 The Enrollment and Employment Office is specifically responsible for the daily organization and implementation of enrollment affairs.

Chapter 3 Enrollment Plan and Fee Standards

Article 7 The 2021 enrollment plan is formulated according to social demands and the disciplinary and major layout of the University. Upon verification by the Ministry of Education, the plan shall be submitted to the enrollment competent departments of all provinces, municipalities and autonomous regions within the specified time, released to candidates by local competent authorities, and also announced via other official channels.

Article 8 In accordance with the requirements of the Ministry of Education, the reserved undergraduate enrollment quota of the University in 2021 shall not exceed 1% of the total undergraduate enrollment plan, so as to balance the uneven distribution of qualified candidates across regions. The use of reserved quotas shall be implemented strictly in accordance with relevant provisions during the admission process.

Article 9 Fees shall be charged in accordance with the Circular of the General Office of Jiangxi Provincial People's Government on forwarding *the Adjustment Plan for Tuition Standards of Public Ordinary Colleges and Universities (Ganfu Ting Zi [2016] No. 51)* and other relevant documents.

1. Tuition Standards (per academic year)

- Liberal Arts (Literature, History and Philosophy): RMB 3,650
- Liberal Arts (Economics, Management, Law and Foreign Languages): RMB 3,880
- Science and Engineering (Category I): RMB 4,120
- Science and Engineering (Category II) & Physical Education: RMB 4,350
- Medical Majors: RMB 4,350
- Art Majors: RMB 8,000
- Agriculture and Forestry Majors: RMB 3,410
- Visual Communication Design (Sino-foreign Cooperative Program): RMB 14,000

2. Accommodation Fee Standard

RMB 750–1,000 per academic year.

If the fee standard is adjusted, the latest official document shall prevail.

Chapter 4 Admission Principles

Article 10 In accordance with relevant national laws and regulations of the Ministry of

Education, the University comprehensively evaluates candidates in morality, intelligence, physical education, aesthetics and labor education, and adheres to the admission principles of fairness, impartiality, openness and merit. The entire admission process accepts supervision from provincial enrollment committees, disciplinary inspection departments, candidates and all sectors of society.

Article 11 Policies on bonus points or score deduction for candidates shall be implemented in accordance with the admission policies of the candidate's originating province, municipality or autonomous region.

Article 12 The admission of liberal arts and science majors shall follow relevant provincial policies and adhere to the principle of priority of scores and compliance with professional volunteers. All candidates with file admission qualifications shall be admitted in descending order of their filing scores in accordance with their major applications. If the first major volunteer cannot be satisfied, the second one will be considered by analogy. Candidates whose all major volunteers cannot be fulfilled and who accept major adjustment shall be allocated to unfilled majors by the University. Those who fail to meet the admission scores of their applied majors and refuse adjustment shall be withdrawn from admission.

Article 13 For ordinary majors, Inner Mongolia adopts the admission rule of queue admission by professional volunteers within the 1:1 enrollment plan scope.

Article 14 No score differential shall be set for non-first-choice candidates.

Article 15 For provinces implementing the college entrance examination reform, admission shall comply with local enrollment policies and the provisions of this Regulation, and candidates' comprehensive quality evaluation shall be taken as a reference basis. For provinces adopting college-major group filing mode, candidates shall be selected and admitted according to filing scores and ranking within the applied major group, following the principle of score priority and volunteer compliance.

Article 16 Admission Principles for Art Majors

Provincial unified art examination results shall be adopted for art majors. Candidates with qualified professional scores and reaching the minimum cultural admission score line stipulated locally shall follow local admission rules if formulated; if not, admission shall be conducted by comprehensive score in descending order. Comprehensive Score = Total

Cultural Score (including policy bonus) $\times 50\% + (\text{Professional Score} / \text{Full Professional Score}) \times 750 \times 50\%$

In case of tied comprehensive scores, candidates shall be ranked sequentially by total cultural score, combined score of Chinese and Mathematics, highest single score of Chinese or Mathematics, and foreign language score for major confirmation.

Article 17 Admission Principles for Physical Education Majors

Candidates with qualified professional scores and reaching the local minimum cultural admission standard shall follow local admission rules if formulated; if not, admission shall be ranked by professional scores in descending order.

In case of tied professional scores, candidates shall be ranked sequentially by total cultural score, combined score of Chinese and Mathematics, highest single score of Chinese or Mathematics, and foreign language score to confirm admission majors.

Article 18 Except English-related majors which only recruit candidates of English language, there are no restrictions on foreign languages for other majors.

Article 19 No additional entrance examination is required for any major of the University.

Article 20 There is no restriction on the gender ratio for admission to all majors.

Article 21 All candidates applying for the University must take a physical examination and truthfully declare their medical history. The physical examination standard shall be implemented in accordance with the *Guidelines for Physical Examination in College Enrollment* issued by the Ministry of Education and the former Ministry of Health, the China Disabled Persons' Federation, and the *Notice on Further Standardizing Admission and Employment Physical Examination Items and Protecting the Admission and Employment Rights of Hepatitis B Carriers* issued by the Ministry of Human Resources and Social Security, the Ministry of Education and the former Ministry of Health.

Chapter 5 Admission and Enrollment

Article 22 After being approved by the enrollment competent departments of all provinces, municipalities and autonomous regions, admission notices shall be directly mailed to candidates by the Enrollment and Employment Office and published on the University's

enrollment website. Candidates may log on to the enrollment website to check admission results during the admission period.

Article 23 Freshmen admitted in accordance with national enrollment regulations shall complete enrollment registration within the specified time with their admission notices. Those who cannot enroll on time shall ask for leave in advance. Absence without leave or overdue registration shall be regarded as abandonment of enrollment qualification unless due to force majeure and other legitimate reasons.

Article 24 The University shall conduct enrollment qualification review within three months after freshman admission. Those failing the review shall be disposed of accordingly up to cancellation of enrollment qualification. Any falsification found shall result in immediate cancellation of admission or student status.

Article 25 The University has established a comprehensive financial aid system for students from poor families, including National Scholarship, National Encouragement Scholarship, National Grant, National Student Loan, military service education subsidy, work-study program and tuition remission. Financially disadvantaged freshmen can register via the University's Green Channel. After enrollment, the University will verify their family economic conditions and provide targeted financial support.
